**GREETINGS FROM CONGRESS!** Congress, Arizona, that is. We are now operational in our new location after countless delays. It took two months just to get a building permit. Nothing happens fast here in Arizona. We'd like to thank those of you that called wondering what happened. One of the last things hooked up was the phone, over a month late. Nevertheless, all eventually turned out well.

Jenny and I wish to thank everyone for your patience during this relocation. It's good to be able to get back into the numismatic literature business once again. We are located an hour's drive northwest of Phoenix. If you're ever in the area and would like to stop by for a visit, just give us a call. Consider this to be an open invitation, good anytime.

Presented for your consideration is one of the most comprehensive selections of auction catalogues available at fixed prices in the entire country.

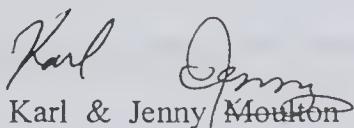

There are many new listings, along with lower prices, especially on the sales for which we found many boxes in stock. One non-literature item that may be of interest can be found on the last page. It is an old photograph from a 1971 ANA bulletin showing a young Junior Director at a Spokane, Washington, coin club meeting. Upon examination, you'll notice I was an early trend setter for the casual attire for numismatics we see today. Due to several requests, included is a short personal numismatic biography for those of you who may be interested.

One thing to remember as you look through this list is that there's a **10% Discount** on all orders totaling \$100 or more in merchandise until January 15, 1999. Please note that Postal Rates increase as of January 10; see Page A for shipping charges. That should give you plenty of time to check things over, even with the holidays.

No matter what your field of interest, there is much information waiting to be discovered in old auction catalogues. They are the backbone of all things numismatic.

Once again we "THANK YOU" for your interest, and look forward to helping with your endeavors in any way we can. Here's trusting that 1999 will be a year of happiness and prosperity for all.

Best wishes,

  
Karl & Jenny Moulton

## HOW DO YOU WANT TO RECEIVE YOUR PACKAGE ?

Here are the options to choose from :

1. **SPECIAL STANDARD (BOOK RATE).** Please send \$2.00 for the first item and \$.75 cents for each additional item along with insurance from the table below. This is how most orders will be shipped unless another choice is requested and prepaid. This option takes anywhere from 5 days to three weeks for your package to arrive (it can be extremely slow).
2. **PRIORITY MAIL.** Please send \$3.20 for the first item and \$1.50 for each additional item along with insurance from the table below. It will take 2 to 10 days for your package to arrive as the post office will not guarantee delivery within three days.

**NOTE:** Shipping your order may cost more or less than the estimates above depending upon weight. You will be charged the actual shipping amount. Any additional charges will be billed; any prepaid overages will be credited to your account. Insured packages can only be traced after 30 days.

*\*\* Any order of \$20 or more for merchandise keeps you on our mailing list for one entire year. \*\**

**PACKING & HANDLING:** Please add the following charges for the number of items you order:

1 - 5.....	\$ .50	per item
6 - 10.....	\$ 3.00	Total
11 - 20.....	\$ 5.00	Total
21 - 30.....	\$ 6.00	Total
31 - 40.....	\$ 8.00	Total
41 - 50.....	\$10.00	Total
51 or more.....	\$12.00	Total

This helps cover the cost of boxes, strapping tape, packing for the catalogues, labels, etc.

**INSURANCE:** We insure all packages. Please add charges from the table below:

<u>POST OFFICE INSURANCE</u>		
\$ 0.01 to \$ 50 .....	\$0.85	
50.01 to 100 .....	1.80	
100.01 to 200 .....	2.75	
200.01 to 300 .....	3.70	
300.01 to 400 .....	4.65

Add \$.95 cents per additional \$100 of value up to \$5,000.

### SPECIAL BONUS !

We will apply a **10% discount** on all orders received before January 15, 1999, totaling \$100 or more in merchandise.

Does not apply to shipping and handling.  
(We give discounts, the post office doesn't.)

**THE CATALOGUES OF Q. DAVID BOWERS**

Bowers & Ruddy Galleries, in Hollywood, California, named their auction division the American Auction Association; the first eleven sales bear this name. A strong beginning with the Armand Champa Sale in 1972 led to success after success.

The four part Garrett Sales, 1979 – '81, realized \$25.4 million dollars. This was the record for an American coin auction for 16 years, until April 8, 1997, when the second Eliasberg Sale was completed. This new record will stand as a milestone for decades to come. The Bowers catalogues are indeed the premier sales by which all others are judged. Strongly recommended.

## THE 4 CORNERS OF NUMISMATICS

For most of us, numismatics involves round metallic stampings that comprise coins, medals, and tokens. But there is another form that is all too often overlooked. It is numismatic literature, and literature by it's form has 4 corners.

What would the hobby of today be without the Redbook, the many auction catalogues, various specialized reference books, Coin World and Numismatic News, and, yes, even the "Graysheet". These publications all contribute a great deal to the understanding and enjoyment to the multi-faceted hobby of numismatics. Guess what -- they are all just as collectible as the coins, medals, and tokens. If the truth were to be known, numismatic literature is, in most cases, much rarer than the coins of any given year.

For the most part, the literature of United States numismatics started in the 1850's. This was brought about due to the desire for information from the growing number of collectors. William E. Dubois and Jacob Eckfeldt, both U.S. Mint Assayers, wrote the first U.S. numismatic work "Pledges of History" in 1842. It quickly sold out -- even back then. What is truly remarkable is that they released another, updated version in 1850. This was during one of the busiest times in Mint history for the Assay department as they were receiving huge shipments of gold from California.

Much of what we know today came from contemporary writings of coin collectors and dealers during the 19<sup>th</sup> century. Researchers rely heavily on the documentation of what is contained in such things as Mint reports, auction catalogues, and early price lists. Many of today's beliefs about certain issues are nothing more than myths and stories lacking official documentation, with no basis in fact. For the most part, they have been made up for commercial gain. Each time the story is repeated, it tends to be believed as fact.

Only by the continuous re-examination of the "4 corners of numismatics" can the circular part of numismatics be adequately understood. Coins and catalogues go together. It's been that way since the beginning. With coin auctions evolving electronically on the Internet, there will soon be no more catalogues printed. This should click on a few light bulbs! We were glad to see Dave Bowers put books and coins on the same page of the latest issue (#126) of Rare Coin Review.

As collectors, we understand such things as rarity, market supply, and potential increases. Not only are the prices very low in comparison to coins, but the information contained within the pages can save you large sums of money on future purchases. Knowledge is the secret of success. The smart numismatists are the ones who not only collect pieces of metal, but pieces of literature, as well. Get involved with numismatic literature as soon as possible. You'll be glad you did.

**Sale of the Mickley Coins.**

The sale of this valuable collection was concluded last evening, being the fifth night of the public sale. Although the number of buyers was not great, the competition was particularly lively. The coin, which is specified in the catalogue as the "New-England Elephant Piece," which has on the obverse an "elephant," and on the reverse the legend, "God Preserve New-England," with the date of 1694, was bought by Mr. APPLETON for \$235. This is said to be one of the finest and most valuable coins in the entire Colonial series. Many of the best informed collectors have given it as their opinion that it is unique.

No. 2,303, a coin struck for circulation in the Bermuda Islands, bearing on the obverse a hog, and on the reverse a ship under sail firing a gun, was purchased by Mr. COGAN, the well-known collector and speculator, for \$20. This particular specimen is one of those referred to by Capt. JOHN SMITH in his early book of travels, was purchased from the collection of Mr. HOLLIS, and is said to be without doubt the very earliest coin designed and executed in America. It cost Mr. MICKLEY a greater sum than any single one in his collection, the Baltimore penny alone excepted.

The Baltimore shilling was sold to Mr. WALL for \$21. The Lord Baltimore sixpence, a companion piece to the last, brought \$21 50. The Lord Baltimore groat brought \$20.

Next to the silver dollar of 1804 the sale of which it \$750 has been recorded in the TIMES, the coin known as the "Lord Baltimore Penny," was considered the gem of the collection of Mr. MICKLEY. There is no doubt among coin collectors that this specimen is unique, and it is as well known to persons interested in numismatics as is the Hobo-nickel or the Sancy diamond to those who are familiar with the history of the great jewels of the world. It was purchased a number of years ago at an English sale by Mr. MICKLEY for the sum of £100 in gold, which would be net from \$750 in our present greenback currency. This valuable coin was bought last evening by Mr. STEVENS for \$370. A second Carolina elephant piece sold for \$38. A number of other Colonial coins of the Colonies of Louisiana, Virginia, Florida and the Carolinas sold for from \$2 to \$5 50. The coin known as the "Florida Piece," dated 1760, bearing on the obverse a bust of CHARLES III., of Spain, and on the reverse a full-blown rose and bud, was purchased by Mr. STEVENS for \$22 50. The set known as the "Rosa Americana Penny, Half-Penny and Farthing" were purchased by Mr. GLENN for \$40. Other single specimens of this coinage were sold for from \$2 to \$15. The Crowned Rose money, a set of three pieces, was purchased by Mr. GLENN for \$37 50. The half-penny of the same coinage brought (date 1724) \$28. The Rosa Americana half-penny containing on the obverse a bust of the King laureated, and on the reverse a rose-bush with full-blown flower and bud, (of this coin but two specimens are known,) sold for \$52 50. The Nova Constellatio Dollar, 1783, is the earliest coin of 1,000 milis, and is supposed to be one of the very first coins struck by the American Republic. This was purchased by Mr. APPLETON for \$70. The Nova Constellatio half-dollar—a match piece to the last-named—was bought also by Mr. APPLETON for \$32 50. The sale will be brought to a close to-night.

OF THE JOSEPH MICKLEY SALE

## 19TH CENTURY AUCTION CATALOGUES

\*\*\*\*\*

These sales represent the core of American numismatics. The first coin auction of note was the Lewis Roper Sale in 1851. By the end of the 1850's many collectors were active from Philadelphia to Boston. The big market was in Proof sets, thanks to a friendly mint director who was happy to oblige any and all orders – including himself. These early collectors sold their duplicates, and acquired missing pieces to help fill in their collections by bidding in auction sales, just like now.

Names like McCoy, Mickley, Cohen, Jenks, Stickney, Garrett, etc. are remembered today; and any coins accurately pedigreed are highly prized items indeed. Interestingly, the collector of this time did not focus on top quality type coins. His main interest was apt to be U.S. & World Medals, George Washington items, Early Copper, Tokens, Ancients, and Colonials.

Dealers like Ed Cogan, W.E. Woodward, William Strobridge, A.B. Sage, Ebenezer Mason, John Haseltine, Ed Frossard, Sigismund Harzfeld, the Chapman brothers, H.P. Smith, H.G. Sampson, David Proskey, George Massamore, and Charles Steigerwalt all presented many fine auction sales. At times there were more than 60 combined sales by the dealers listed above in a single year. That's more than one sale per week! Public disputes such as Cogan vs Mason, Frossard vs Woodward, Harzfeld vs the U.S. Mint, and virtually everyone vs the Chapman's cataloguing the Bushnell sale, all added spicy ingredients to the marketplace. It was truly an interesting time in American numismatics.

A priced and named Lewis Roper catalogue originally belonging to Charles Ira Bushnell just sold for nearly \$10,000 at auction; a new all time record for any single piece of numismatic literature. We congratulate the cataloguer, George Kolbe, on his fine efforts with the Harry Bass literature collection. With three more sales scheduled, it's a great time to acquire some of these collectible pieces of early American numismatic history.

Also, with the recent release of Dave Bower's magnificent book about Augustus B. Sage and early American numismatics before the Civil War, the conditions are ripe for prices to rise as the very limited supply dwindles.

Great American Sales offers the finest selection of 19<sup>th</sup> century sales available in the country today at fixed prices. Check the listings carefully and favor us with your choices.

Collecting these early sales is challenging, but not really expensive. It's an exciting adventure trying to complete a set from any one of these pioneer dealers. This writer has been enjoying this form of bibliomania for years now. Today there are approximately a half dozen dealers that conduct literature mail bid sales.

The following selection provides you with an opportunity to choose a 100+ year old coin sale at a price that will seem reasonable, if not downright cheap, when we reach the 21<sup>st</sup> century. You, too, can join in the fun. We will be happy to offer opinions, insights, and answers to any questions that come our way. Now, on to the goodies.....

All catalogues are in very good to fine condition. Notable defects are described. Due to their age and the quality of paper used, all are quite fragile. HWP indicates Hand-Written Prices.

04/17/1876 White, 39pp., 813 Lots, 2- 1794 Dollars, 1851 Proof Dollar, 1796 & '97 Halves, 1823/2 Quarter, 1827 Quarter, 1858 Proof Set, U.S. & World Medals Foreign Silver, Early Copper, Colonials. This sale contained the only circulated example of an 1827/3 quarter. Mr. White had owned this coin before 1867 as verified in a letter written by cataloguer Ed Cogan. The apparent buyer of this coin was Nicholas Petry. When the sale of his collection took place in May of 1893, the Chapman brothers failed to make note of this pedigree. Instead, the Chapman's created a misleading story about the piece being found in circulation. The coin was purchased by Virgil Brand at the Petry sale. It remained in his collection until his death in 1926. In October of 1937 a probate judge divided the Brand collection in half between his two younger brothers, Horace and Armin. Armin consigned the coin to Wayne Raymond and it appeared in the December 21, 1937, J.C. Morganthau sale #384 as lot #175. Louis Eliasberg bought this coin and it remained in his collection until the Eliasberg Collection sale in April of 1997 by Bowers & Merena. The Clapp family never owned this piece. This is the first accurate pedigree about this particular coin to appear in print.....	75.

Many of these early sales show their age in slightly ragged edges, stained paper, thin spines, and occasional notations. Some have been folded (to fit in the vest pocket the days of the sale), others have been improperly stored over the last 100+ years. All are fully useable copies and we have tried to accurately note any of these faults.

**12/16/1878 Root, 71pp., 1633 Lots** Root was one of the earliest collectors. He concentrated on top quality coins. This fine collection includes a 1794 Dollar @ \$40, many Proof Seated Dollars, 1796 Half - PL-UNC @ \$55, 1797 Half "far superior to those offered in the Clemens sale" @ \$37, 1815 Half-UNC @ \$20, 1793 Wreath Cent-UNC @ \$42, 1793 Chain Cent - Ex Mickley - "Perfectly UNC" @ \$170, 1795 Thick Planchet Cent @ \$102, 1799 Cent @ \$20.50, 1793 Half Cent-UNC @ \$16, 1831 Proof Cent @ \$11, 1804 Quarter (catalogued as finest known\*\*), 1827 Proof Quarter @ \$52.50, 1797 Dime-UNC @ \$40, 1794 Half Dime-UNC @ \$12, 1858 Proof Set @ \$53, Patterns, Colonials, & World Coins.

\*\*Ed Cogan purchased this quarter at the 1875 Stenz sale by W.H. Strobridge for \$150 and sold it to Root --- presumably at a profit. It sold here for the super low price of just \$35. Eventually it ended up in the Garrett collection. When the Garrett sales took place nearly twenty years ago, this coin brought \$80,000. This date has approximately a half dozen pieces known in uncirculated. Because of the strike and proof-like surfaces, I believe this one to be THE finest example of the date, even better than the example sold by Merkin, though it has not been given the highest numerical value according to the Sheldon grading scale. The coin has never been in circulation, but the mirror surfaces magnify the cabinet friction, making it more apparent than on frosty Uncs

NOTE: In this sale Smith is uncertain what the underlying digit in the 1815 Half actually is. He postulates it could be a "2" or a "3". Today numismatists describe it as a "5" over "2" based in part on the description that John Haseltine had used six weeks earlier in his Type Table sale ( even he was not certain).

However, since it does not match any known 1812 obverse die, and since there were no new numeral and letter punches delivered between 1812 and 1815, this writer believes it to be an upside down "5" punched in error by the then 75 year old, inept, engraver Robert Scot. This theory is based on extensive research conducted on early mint personnel. Any conclusive evidence would be welcome.

01/30/1883 Another Copy (Loose Covers). "Private" written on front cover. Perhaps the Bid Book as it is completely PRICED and NAMED. Buyers include Sampson, Scott, Chapman, Steigerwalt, Cogan, Frossard, H(aseltine), Smith, Bal(mano), Anthon, Steuben, Nichols, "W"(oodward), "Pole", Barton, Dewey, Doughty, Pierson, and Savage. It shows the diversity of the numismatists of that time as there was only one U.S. coin catalogued. Possibly unique with names ..... HWP 80.

**M. THOMAS & SONS** - Philadelphia Auction

House, 1851-1881  
06/12/1855 A.C. Kline, 100pp., 1847. Handsomely bound by Alan Grace in black leatherette with gold lettered spine. Ex-Armand Champa library via John Bergman's 1988 Paramount Library Sale Lot #823. The lot slip is included. The condition of this catalogue is remarkable. It's most likely the freshest copy in existence. Inscribed in ink at the top is the signature of Ammi Brown. Dr. Brown of Boston was a noted early collector. This is one of Alan Grace's earliest efforts while he was still in England. Grace mislabelled the spine as the Stickney Collection instead of A.C. Kline. Most likely Armand sent several catalogues to be bound and Alan got confused or mis-read the list. This does not detract from the desirability of this early sale, and adds even more interest as it is now a unique binding error..... 500.

Members of the board are Richard Trowbridge, immediate past president, Robert O'Leary, John Rowe, Robert Alexander and George Kirkwood.

It is an unusual coincidence that Fred and Marilyn Moulton are husband and wife and Karl is Fred's younger brother. Karl was the first collector of the trio; he joined the club as a junior member several years ago, when in grade school, and has continued as an active member.

President Kettner made the presentation of the ANA Past President's medal to Richard Trowbridge who has just completed two years as president of the club. —*Irene Alexander*

# GREAT AMERICAN SALES

---

PO BOX 1073

CONGRESS AZ 85332

520-427-3567

---

It was September of 1962 when I first saw an 1817 Large Cent. My best friend brought it to school for "Show and Tell". I immediately wondered who had owned and spent a coin that old. Why, it was as big as a Franklin Half, which was a lot of money to an eight year-old youngster. I ended up trading several dollars worth of marbles and other treasures for it later on. My friend's grandmother, who had supplied him with the Large Cent, also had many old Indian Head and Lincoln cents that I acquired by raking her leaves that fall. They went into the new 35-cent Whitman folder I had purchased at the local coin shop.

I went through countless rolls of coins obtained at the bank and found most everything from the 1920's to date. The only holes left in the folders were the "P" mints; but one look at the mintage figures made it clear that wasn't going to be a big problem. No, I didn't find a 1909-S VDB; but later, when I was a dealer, I did buy five of the finest from an original roll. The Northwest was rich in mintmarked coins and many were in high grade. This was proven when the silver coins began to get turned in for more than face value in the late 1960's.

The next year I always had the "shiniest" pennies for milk at lunchtime. That ink eraser sure made them look like "proofs". By the time I was 10, I had memorized most of the Redbook. I spent all my money at the coin shop each weekend. I would spend an hour or so looking at all the coins in the rotator case. Then I would go through 10 or 20 uncirculated Lincolns from an original roll, choosing the finest example. That was how I was later to understand how the striking characteristics, bag-marks, proof-like polish, and other elements were all factors in the price of a coin.

As my collection grew, I started displaying my set of 20<sup>th</sup> century quarters in area competition and did quite well. I found some of the trophies I had acquired in the 1960's when we were unpacking recently.

Many dealers helped in my early education. I still remember Don Harris of Great Falls, Montana, throwing a shiny Morgan dollar to me across the display case and saying, "Hey, Karl, you probably need this one." He was right. It was a GEM BU 1893-S priced at \$6,500. I also studied and asked questions about the 1879 and 1880 Coiled Hair Stella's he had in the case at \$8,000 each.

The monthly coin club meetings were also interesting. There were a few door prizes and the older members usually brought three ring binders of old coins for "trading". I still remember buying a lustrous 1926-S Lincoln cent for \$2 from one of the old timers. He had the holder priced at \$5, but since I was a polite youngster interested in numismatics, he gave me a break.

Numismatically, 1968 and 1969 were interesting years. The return of the "S" mintmark on the Proof sets had an enormous impact. I bought 20 sets at \$5 each and by the time they arrived, they were worth \$20 each. Naturally, I sold all of them as fast as possible. That's when I first became a coin dealer setting up at various shows. The same thing happened again in 1969. That was the year they gave Lincoln back his beard (the dies were re-engraved). My girlfriend (now my wife, Jenny) and I were making regular treks to the coin shops after school. Somehow she didn't mind most of my money going for coins.

One thing that should be remembered is that the 1968-S proof sets, with or without "S", were the first commercial "slabs". The Mint obviously got the idea from Capital Plastics. Today's slabs are basically an expensive commercial fad that coin people play with Dr. Sheldon's ill-fated idea.

When I left Spokane and went on the road as a musician (guitarist) for several years, I was able to visit many coin shops. I was also a vest-pocket dealer, which helped to support my coin habit.

Later in the early 1970's, I went to work for Harlan White in San Diego. When he sold out to Lyle Clark, I went to Los Angeles with the coins. It was a real experience working for one of the first big volume, mail order coin companies. We averaged nearly 200 orders a day, and Jenny typed invoices, letters, etc. for the company. It was six days a week, 10 to 14 hours per day.

L.A. in the 1970's was an exciting place. Jonathan's (a coin shop), had just purchased an 1804 dollar, rare date gold was really "hot", Bowers and Ruddy overlooked Grauman's Chinese Theatre, Superior was growing in Beverly Hills, Steve Markoff paid \$7.3 million for the Redfield Hoard of dollars, and David Hall was "just a pup" working for Joel Rettew. When the 1975 ANA Convention was held at the Ambassador Hotel, I was able to see many rarities for the first time. I'm talking coins, not the dealers. The 1876-CC Twenty Cent piece was purchased by Abner Kreisberg and Jerry Cohen for an amazing \$45,000. The Ostheimer Collection, which appeared in the 1975 ANA sale, was one of the finest collections ever formed.

Then there were the three or four yearly Long Beach shows in the old round, pink and white convention center. When George Kolbe set up, they put him outside in the hallway across from the registration table because all he had was old books and catalogues. Ah yes, those were the days. Then the amazing four-year bull-run on coins began in earnest. Prices rose weekly in the Graysheet. Dealers oftentimes didn't want to sell because it would be worth more next month. It was quite a ride and then the Garrett sales came along.

I had since gone back to Spokane to work for Steve Estes. When he went to Portland, Oregon, I went to Lewiston, Idaho, where I opened a small shop hoping to buy old hoards of "S" mint coins. Trouble was the old banker across the street bought more than I did. After two years, I closed the store in Lewiston and traveled to coin shows. The last ANA show I set up at was in 1978 in Houston in the Astrohall.

When the market crashed in April of 1980, I had been fortunate enough to consign many items at auction and realized very handsome profits. It was then that I semi-retired from coins for a decade. It was during the 1980's when I got involved with buying and selling old cars -- especially 1955-'57 Chevys. I found there are more people willing to spend money on cars than coins. It was a real blast. Presently, I am in the process of doing a body-off-the-frame, original, matching numbers restoration on a 1957 Bel Air 2-door hardtop that I've owned since 1982.

Since I had been both a collector and dealer, I wanted to do something more scholarly with numismatics when I re-entered the field in the early 1990's. Things had changed a great deal, most of it negative, centering around greedy commercialism (slabs). Fortunately, there is much more to numismatics than greed, so I sent for a literature mail bid sale from Money Tree and was "hooked" on numismatic literature instead of coins. I had kept my old library and was amazed to find so much existed in books and catalogues about coins. It's a most interesting way to enjoy numismatics without going broke. As a collectible, numismatic literature is just as fascinating as what's offered inside any catalogue.

In April of 1995, I was asked to help catalogue part of the Connecticut Museum of History consignment for Heritage. It was an interesting month in Dallas putting in many long hours. While I was there, I renewed my acquaintance with Greg Rohan and Leo Frese. Both of these hard-working friends were coin dealers in the Great Northwest during the late 1970's.

At the 1995 ANA in Anaheim, Great American Sales put out its first price list of ten pages. This list has over 70 pages. We thank all of you who have helped our business grow to what you see in this list. It's great fun talking and hearing about different areas that others are studying. We hope to be around for many years to come.

Presently, I'm researching Early Bust Quarters. It's quite a challenge to accurately trace appearances and pedigrees. It seems like the more you discover, the more you need to find out. Plans call for a book on these sometime after the year 2000. I've been asked to give a Numismatic Theatre presentation at the 1999 ANA in Chicago. The subject will be "1827/3 Quarters and Joseph Mickley". Yes, I still collect coins, but my primary focus is on early U.S. numismatic literature.
